

CORONAVIRUS (COVID-19): GUIDANCE FOR PATIENTS AND VISITORS

Our page has the latest information about the virus and what actions, if any, we may need you to take.

COVID-19: Guidance for patients and visitors

At this point, no patient or member of staff, is or has been infected by the virus. The Edgbaston Private Medical Practice is prepared for the potential arrival of the virus, however, we are operating as normal, welcoming patients and ensuring they receive the very best care we can provide.

As the situation with the [coronavirus \(COVID-19\)](#) is constantly changing, we will keep this page up to date with the latest information about the virus and what actions, if any, we may need you to take.

Please note: This advice changes rapidly, so we recommend regularly visiting the following links for the most up to date information and locations impacted by the coronavirus.
